

# DON'T GIVE THEM ANOTHER ACTIVITY GIVE THEM AN EXPERIENCE!

With so many activities and programs in which your children participate, it's no surprise that their schedules can become busier than yours. Guiding them in choosing the best options — ones that enrich their minds and lives — encourages their future success.

The Camp Invention experience fosters creative-thinking, exploration, and FUN. Children create and discover outside of the structured events and programs to which they are accustomed, and are immersed in imaginative play and teamwork, inspiring an inventive spirit.

*"The Camp Invention experience empowers children to create and discover — giving them critical-thinking skills that benefit them both in school and in life."*

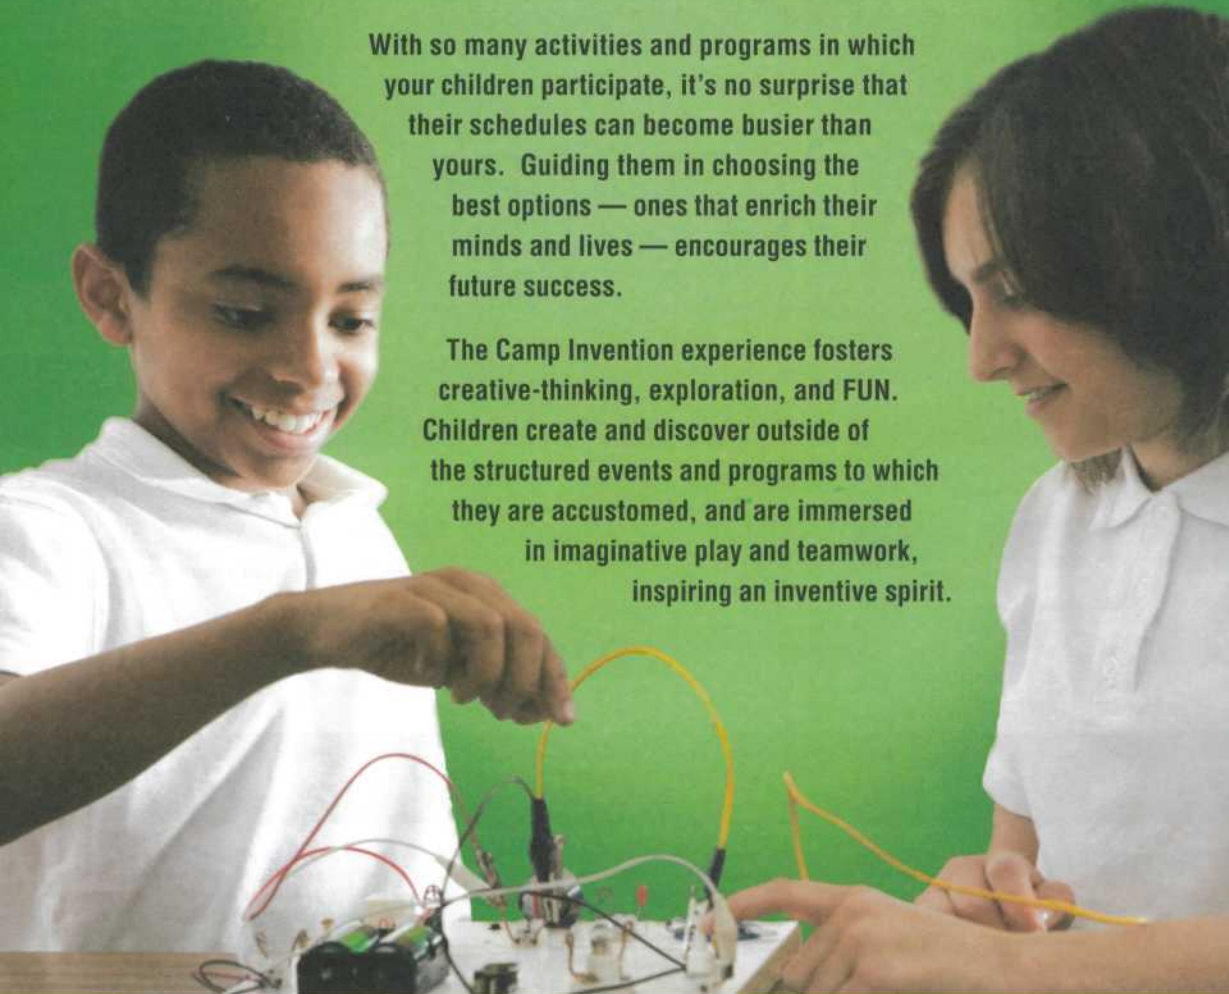

- Dr. Cindy Moss, science and math curriculum director, Charlotte-Mecklenburg School District

*"Play is a powerful vehicle through which children can make sense of their experience, master difficult life events, and build new ideas."*

- Nancy Carlsson-Paige, Ed.D., author, *Taking Back Childhood*

*"Children need down time to think, discover, imagine, and create inner worlds all their own and hear their inner voice."*

- Alvin Rosenfeld, M.D., founder, National Family Night, author, *The Overscheduled Child*

## SPACE IS LIMITED, SO SIGN UP EARLY!

*These flyers are paid for and distributed by Camp Invention, a non-profit program from NIHFF.*

## THE DISCOVER PROGRAM

Each day, children entering grades one through six will participate in five innovative activities led by local teachers. All new curricula for 2009.

### Viking Treasure Trek: The Quest Begins™

Do you have what it takes to discover lost Viking gold? Build a longboat and cross a dangerous chasm in a treasure-seeking adventure.

### Comic Book Science: FlyJack and Jill™

What super powers would you like to have? Experiment with the science behind super powers and create your own superhero comic book!

### Land Sled X-Treme™

Get ready for the ultimate racing experience! Your team earns materials to build a land sled by winning challenges and then competes in an X-Treme obstacle course.

### I Can Invent: Fantasy Inventions & Complicated Machines II™

Take apart a broken machine and see what's inside! Then use its gears, guts, and gadgets to invent something that's never been seen before. Older campers will work in teams to build a Rube Goldberg device with multiple steps.

### Recess Remix™

Twist it, turn it, shake it, and reverse it. Transform old-school games in fun, new ways to rock the playground!

*The experience wraps up when the parents are invited to view their children's creations at the Inventor's Showcase program!*
